*Gemma is proud, and justifiably so, of her creamy skin, and derives great pleasure in keeping it that way.*

*'I know a professional masseur who has his own brand of oil which he keeps for special' customers – and I'm special. He always likes to test if his treatment is working by running his tongue all over the treated surface. I wouldn't like to stand in the way of progress, so I'm only too happy to oblige.*

*'His lotion is also beautiful when added to a hot bath – it makes your body delightfully slippery and lubricates all those parts which are necessary to make bathtime enjoyable. When bathing I'm very fond of a firm, glistening big cock between my pussy lips – although I'm not averse to having it between my other lips.'* ♣

*The fabulous Greta Schmidt! Beth's replacement during the famous battle of the ROVERS' RETURN BAR STAFF! The devastatingly sexy lady who had Len Fairclough and his drinking buddies gawping in frustration at her bulging, off the shoulder T-shirt. Well, we can offer you more than off the shoulder shots of Greta. How about FULL FRONTAL CLOSE-UPS?* ♣
